

# HORSEMEN WANT A HORSE SHOW

## So Decided at Meeting Held Yesterday.

TO FORM STOCK COMPANY

A. E. ASHBROOK OF KANSAS CITY DISCUSSED PLANS.

The proposition to hold an annual horse show in this city took tangible form yesterday at a meeting of the representative horsemen of Salt Lake City. The meeting was held in the Knutsford hotel parlors at the instance of A. E. Ashbrook, representing the Kansas City Horse Show association. There was plenty of enthusiasm shown by those present and if the sense of the meeting is any criterion, the horse show is already an assured success.

Hal Brown was elected temporary chairman and James Devine secretary, when the project was thoroughly discussed. Mr. Ashbrook gave a brief outline of what the horse show associations have accomplished in other cities and depicted that of the nine cities, only three had been failures from a financial standpoint.

He proposed the association be organized in this city to give the shows, and he would assume them a membership in the Western Horse Show association. This would mean the entries of all the best horses in the country in competition with the local animals.

The show, as outlined by Mr. Ashbrook, would take place next August, and should be of at least four days' duration. This date will bring the show after the one at Glenwood Springs, Colo., and will continue the circuit as outlined in Sunday's Herald.

Chairman Brown, acting on these lines, appointed a committee of ten to sound the owners of blooded horses in the city and report at an early opportunity. This committee consists of William Quigley, S. V. Shelp, Clarence McCormick, James Bradford, H. W. Brown, J. C. Leary, Brigham Canon, George V. Wallace, Dr. F. Niles and O. J. Salisbury.

The question of a site to hold the show was not discussed yesterday. Mr. Ashbrook explaining that any of the local resorts or parks would do, and if these were not obtainable a vacant lot could easily be fitted up at a little expense.

The committee will report in a few days, when further action will be taken. Mr. Ashbrook left last night for that city, where he will make arrangements for a show in Minneapolis, when his current will be completed.

## Committee to Meet President Empey.

The committee appointed at the meeting of the horsemen last Saturday night to secure the signatures of as many of the citizens as possible to a petition to the directors of the D. A. & M. society report great success. In fact, they have gotten along so well that it was decided last evening to meet with the directors today. President Empey of the association agreed to meet the members of the committee, at which time the petition will be handed him. The horsemen feel confident that the pair will make arrangements for a show in Minneapolis, when his current will be completed.

### FIGHT AT LOUISVILLE.

McGovern and Sullivan to Meet Before Southern Athletic Club.

New York, Jan. 6.—The twenty-five round bout between Terry McGovern and Dave Sullivan will take place before the Southern Athletic club of Louisville, Ky., on the afternoon of Feb. 22. On behalf of the club Tim Hurst met with the managers, Sam Harris and Tom Sharkey, today and they came to a satisfactory agreement.

The conditions of the match are twenty-five rounds at 125 pounds, weight in at 10 o'clock, Feb. 22. The fight will be divided into five rounds, each of five minutes. Sixty-five per cent of the gross receipts, and the balance to the manager, will be paid to the loser. It was also stipulated that if Bob Fitzsimmons should not go to Louisville to fight the contest, Tim Hurst is to act as referee.

The Yosemite club of San Francisco has withdrawn its offer of \$10,000 for the fight.

## DETAILS DETERMINED.

Sharkey and Jennings to Fight at Mechanics' Pavilion.

New York, Jan. 6.—The details of the match between Jeffries and Sharkey have been finally determined upon at a meeting between Managers Kennedy and Deane and Sharkey. The fight will be for 20 rounds, each of five minutes, and will be fought at the Mechanics' pavilion, San Francisco, under the auspices of the Yosemite Athletic club of that city. Managers Kennedy and Deane and Sharkey have agreed to post \$250,000 each with Harry Corbett as the third stakeholder. The principals will go into active training at once.

## Fought to a Draw.

Butte, Mont., Jan. 6.—Kid Oglesby, champion lightweight of the state of Montana, and Jack Clifford, formerly of California, fought six rounds to a draw tonight before the Butte A. C. Both men were in superb condition, and from the moment time was first called the men went at each other hammer and tongs. Only a few blows had been exchanged in the first round when Clifford, with two well-directed punches on Oglesby's jaw, sent him to the floor. Oglesby displayed the better ring tactics, frequently landing on Clifford's body. The main contest was preceded by several preliminaries between local celebrities.

## Kid Brood Batters Clifford.

Philadelphia, Jan. 6.—Kid Brood of Cleveland had a made the better of a slow six-round bout with Tim Callahan of Philadelphia tonight at the Penn Athletic club.

The bout between Eddie Connolly of St. John, N. B., and Joe Gans of Baltimore, at the Washington Sporting club tonight, was stopped in the fifth round by the referee. The Canadian was clearly out of condition and Gans was his master as far as the fight went.

## Baseball.

### Manager McCloskey After Players.

Butte, Mont., Jan. 6.—Announcement was made here today that Butte and Helena had secured places in the Northwest league. President Lucas of the league wired St. Paul that the Northern Pacific had made satisfactory rates and the work of organizing the league began today. Manager McCloskey of the Butte team will get to work securing players.

## Miscellaneous.

### WITH THE BOWLERS.

Bremer Issues a Challenge to Meet

All Comers.

The bowlers are actively engaged in trying to secure an entry to the next regular monthly tournament. These monthly affairs attract the best talent in the city, and a great amount of interest centers in the contest. According to the rules of the tournament, only the bowlers making the three highest scores in each game during the month are allowed to compete.

Hamilton, the winner of last month's contest, stands as high man in the nine-pin game, with scores of 8-3-9. Kimball leads in seven-pins, with scores of 7-3-9. In the game of cocked hat, Hodgson is high man, his three scores being 6-4-9.

W. A. Bremer yesterday issued a challenge to bowl any player in the state for the state championship and a suitable side bet in any of the following games: Ten pins, nine pins, seven pins, five back, four back, cocked hat and St. Louis.

Handball Scores.

Two close games of handball were played on the Y. M. C. A. court yesterday. Dunn and Daniel defeated Bradley and Richardson by a score of 21 to 17 and were defeated by the same team in the second game by a score of 21 to 16.

## KILLS HIS SWEETHEART

### Rash Deed of a Jealous County Official Followed by Suicide.

West Union, Ia., Jan. 6.—Homer N. Neff, county surveyor and former county clerk, shot and killed Miss Rose Neff, his daughter, last evening. He was paying attention. He also wounded Emmett Sullivan, his rival, and then killed himself.

The deeds were committed between 8 and 9 o'clock last evening. In the room of Miss Neff at the Commercial hotel, Sullivan and the girl were visiting when Neff suddenly appeared in the doorway, firing five shots in rapid succession. Four of the shots took effect, two entering the girl's head and one penetrating the right breast.

Sullivan was struck in the face, the bullet passing through his eye. Neff turned on the light and went across the park to his room where he deliberately locked the door, removed the empty shells from his revolver, reloaded it, turned on the light and shot himself in the temple, death being instantaneous.

Neff has lived here the greater part of his life. He was about 45 years of age, and had a good reputation, though considered somewhat eccentric. For some time he has owned and operated in company with his brother the local electric light plant.

## COOK MURDERS WOMAN

### AND PUTS BODY UNDER ICE

Jan. 6.—A woman's body was taken from the river here today. Louis Thomas, cook of the steamer Oscar, and Robert Keissig, who also worked on the boat, were placed under arrest following the discovery.

The body was identified as that of Carrie Larson, a woman 22 years of age, whom Thomas is alleged to have hired from an employment agency New Year's day to assist him in the cook's galley. According to Keissig, Thomas and the woman quarreled and the latter was knocked unconscious. Keissig said the cook compelled him to assist in fastening a weight to the woman and in throwing her overboard. Thomas, the police say, denies the accusation.

Keissig said later that Thomas choked the woman to death and that in forcing him to assist in disposing of the body Thomas flourished a knife which he refused to give up.

After throwing the body overboard Keissig said that it was necessary to carry it a few yards over ice to a spot where a hole had been cut through. He said the body was then thrown overboard head foremost through this hole.

## GOVERNMENT EXPERTS

### SEND WIRELESS WIRES

Norfolk, Va., Jan. 6.—Professors Thiesen and Pickles of the weather bureau wireless telegraph staff passed through this city today from Cape Henry to the weather bureau at Washington, D. C., to make further experiments. It was learned that messages were on Saturday successfully sent by the wireless system from Cape Henry to Norfolk, N. C., a distance of nearly 200 miles.

## NAMES WALTER SHOUP.

Is Appointed Deputy by City Attorney Nye.

George L. Nye's first act after taking the oath of office yesterday as city attorney was one that will meet with popular approval. It was to name as his assistant Walter Shoup.

The young man who will enter public life consequent to that action is a son of former Senator Shoup of Idaho and a widely known and popular lawyer. Mr. Shoup is about 35 years old and a graduate of an eastern university.

During the Spanish-American war he was a lieutenant in Colonel Torrey's rough riders. Mr. Shoup will enter upon his duties at once.

## Special Sale of Jewelry.

Beginning Wednesday, the 8th, I will give a special discount of 25 per cent to 50 per cent on any article of stock of watches, jewelry and silverware. Sale will last till my stock is sufficiently reduced. W. W. Hall, 227 Main.

## They All Declare

the big clearance sale now on at the Paris Millinery Co. is the biggest value giving event ever offered to the people in this city.

# NEW SCHOOL TERM BEGINS

Enrollment Throughout the State Is Over 80,000.

## MORE SALT LAKE TEACHERS

NEARLY \$300,000 IN THE FUND REPORTED.

Throughout the length and breadth of Utah school opened yesterday, after a brief vacation period, and over 80,000 youngsters who have enjoyed exemption from the routine discipline of the school room stepped back to study once more. The procession of children, flocking to and from school twice daily was seen in Salt Lake City yesterday for the first time in two weeks, and at each school it was noticeable that there were more in line than usual. While reports covering enrollments at the different local schools are not all in, there is every indication that the attendance yesterday exceeded 15,000—being several hundred in excess of the number enrolled when school closed.

## New Teachers Employed.

The opening of school brings engagements to five new teachers to augment the corps of 315 instructors already employed in the city schools. A meeting of the teachers' committee of the board of education was held yesterday afternoon, and a decision was reached to recommend to the board the employment of Mrs. A. D. Stephens, Mrs. Edith Van Cott Palmer, Miss Sara Kimball, Mr. Peterson and Dryden Combs as substitute teachers to fill various vacancies. Some thought was also devoted to the question of high school facilities.

The present term ends Jan. 24, when from 150 to 200 pupils of the eighth A grade will be candidates for admission to the High school. As prospects indicate that the High school will be crowded, it is probable that many of the graduates from the eighth A grade will be compelled to take the first half of the succeeding High school term course in the schools they are now attending. A special meeting of the board of education was called for tomorrow to canvass the situation.

## Big State School Fund.

A. C. Nelson, state superintendent of public instruction, notified the various county superintendents yesterday that \$235,739.59 to the credit of the school funds is available, exclusive of the accrued interest on state school lands and other sources, which will be available in March. The amount appropriated yesterday is the largest that has ever been so distributed in Utah, and is derived from the state 3-mill tax.

The money was distributed as follows, based on a per capita apportionment of \$2.35 for each child of school age:

COUNTIES AND CITIES.	Amount.	Per Capita.

## Children Are Healthier.

"The local schools open under most auspicious circumstances," said City Superintendent Christensen last evening. "Before they closed there was a large falling off in attendance owing to sickness and the alarm some parents felt because of the prevalence of disease. Most of those who were sick are now back in school and I dare say all who were kept away through fear are back. In addition there is an increase from twenty to forty in the enrollment at most of the schools. When they closed there was an attendance of approximately 11,700. Now there is to exceed 15,000. The most gratifying condition of the schools is the fact of the health of the children and the absence of the alarm that was felt on that subject."

Throughout the entire state the schools open for the new year in a way that bids fair to increase the attendance and their efficiency," said State Superintendent Nelson. Last year the state expended \$1,353,721.70 on public schools. This year more will be spent. Something like 80,000 pupils are receiving instruction at the hands of 1,475 teachers in 720 public schools in Utah now. The permanent investment represents \$3,000,000. Every month \$6,580 is paid out in salaries to male teachers and \$4,620 to women teachers in the public schools. Educational facilities and advantages are increasing and the outlook is encouraging.

## PEACE HOVERS AT BINGHAM.

School Opens and Christmas Incident Is Declared Closed.

Following the example of hundreds of other schools all over the state, the institution of learning at Lower Bingham opened yesterday to inculcate knowledge into the heads of the several score of children who draw inspiration there. The dual Christmas celebrations that threatened to disrupt the school were heard of no more after the formal decision of the board of trustees, given out Sunday, sustaining principal Dudley and his reply, Misses Hazel Payne and Mamie Harris.

As a consequence, white-winged peace hovered over the school house, and the pupils learned more concerning the three R's than they have acquired in many a day. The incident is now generally regarded as closed and no further friction is looked for between the principal and teachers, who have decided to accept the findings of the trustees and retain their positions.

## BROWNING'S ADMINISTRATION.

Ex-Mayor Calls Attention to City's Financial Condition.

The old city council held a session at the city hall yesterday morning at 10 o'clock, clearing up its desk of accumulated business. The bond of J. P. O'Neill, the paving contractor, was approved, and his samples of material to be used were accepted. Mayor Browning submitted his final report reviewing the chief happenings of his administration and containing a comprehensive statement of the city's financial condition. He pointed out the floating indebtedness, inherited from the previous council, the expensive waterworks litigation and the heavy accumulation of hydrant rentals, the administration made good headway in reducing the city's indebtedness. This administration decreased the indebtedness of Ogden City as follows: Decreased on treasurer's bond \$19,377.27 Bonds retired 4,900.00

Total \$24,277.27 In addition we have paid the following amounts: Hydrant rentals, amount incurred by former administration \$24,585.37

Administrations 2,000.00 Back salaries, amount incurred by former administrations 2,113.46

Total \$29,688.82 This substantial gain was made while wages vigorous war against the waterworks companies, which made legal claims for \$130,000 more than they would have been otherwise, and against three smallpox epidemics which increased the expenditures of the health commission and the charity fund over \$10,000 more than would have been the case otherwise.

The reports of each department were transmitted with the mayor's, and in his condensation of these reports he pointed out the various departments and accomplishments of each department, giving actual figures in each case to show the volume of business and the efficiency of the administration. The organization of the new library board and the securing of the new library building are also referred to.

In closing the mayor called attention to the fact that \$20,725.19 due from the county treasurer was turned over to the new administration with the other assets and machinery of government. The bonds of the incoming officers were approved.

Mayor Browning returned a check for \$75.00 remaining in his contingent fund, and a check was made and deposited. A little before noon the business was completed, and the council of 1900-1901 adjourned sine die.

Councilmen Powers, Cross and Carr returned in the afternoon. The members of the new council were sworn on hand. At a little after 12 o'clock Mayor Glasman called the new council to order, and J. C. Nye was elected clerk, trustee, and secretary. The rules of the old council adjournment were taken till evening.

## BOARD BACKS DOWN.

County Commissioners Order Refund of Taxation of Vacant Church Lots.

The board of county commissioners yesterday retreated from its position in backing up Assessor Gibson in the matter of assessing church property. The board, under the leadership of Rev. W. E. Mason, overruled the assessor in his assessment of the vacant lots at the corner of Grant avenue and Twenty-fourth street belonging to the Church of the Good Shepherd. It will be remembered that the assessor introduced an innovation by holding the two lots subject to assessment in that they were not used for church purposes. The taxes \$158.25 were paid under protest by the church and the matter was appealed to the board. The county attorney reported that if the church actually used the property for church purposes the same was not taxable, but if not it was taxable, and suggested that an investigation be held by churches and exempted from taxation on that ground had been taxed. Without going further into the subject the board yesterday ordered the treasurer to refund the amount paid.

## CHRISTIAN SCIENCE DID IT.

John Powers Avers That It Broke Up His Home.

An answer and cross-complaint were filed yesterday in the case of Mrs. Edna Webb Powers vs. John H. Powers. The defendant denies the accusations of cruelty and failure to provide the necessities of life and sets up that the marital troubles come from the failure of his wife and mother-in-law to convert him to their belief of Christian Science, alleging that they had "pounded Christian Science into him" for four years. The defendant also set up that the wife was cruel to him, striking him once with a bone, cutting his face and nose. The husband further alleges that his wife refused to attend to her family and often went to Glenwood park unattended and without his consent, once leaving her little child on the steps of his father's residence without notifying any of his people.

## PREVOST CONFESSES.

Recounts His Actions in Burglarizing Knitting Factory.

Maurice Prevost, arrested on suspicion of being the party who robbed the Ogden knitting works, is now ready to plead guilty to the charge. Prevost made a clean breast of the affair and asserts that he stole about \$40 worth of goods, carried most of them to an old log barn where he slept the remainder of the night, and that later "some other thief" stole them from the cache. Prevost made his way to Elkton, where he was arrested, and he was taken to the police station where he was held in the window, removing the goods later.

## DRIVER IS PRESIDENT.

Expected Happened at the Council's Meeting.

The new city council promptly got down to business last night, reconvening shortly after 8 o'clock. William Driver being the only nominee for president, was elected unanimously. The honor was not entirely unexpected and Mr. Driver was ready with a list of committee members to be appointed. An adjournment of thirty minutes was taken and on the resuming the president submitted a list of standing committees as follows:

License—Randall, Carr, Chambers. Finance—Hendershot, Powers, Nye. Street—Driver, Powers, Nye. Sanitary—Powers, Carr, Driver. Sewerage—Williams, Powers, Nye.

Buildings and Grounds—Cross, Hendershot, Randall. Water Supply—Williams, Cross, Powers. Engineering—Chambers, Randolph, Nye. Fire—Paine, Cross, Nye. Police—Carr, Driver, Williams. Taxes—Hendershot, Nye, Randall. Rules—Nye, Williams, Hendershot. The committees were promptly accepted by the council and an adjournment was taken for one week.

## District Court.

Judge Rolapp yesterday disposed of the law and motion calendar, and in the afternoon took up the case of the Utah Loan & Savings association, as executor for John Tassan, against the Diamondville Coal & Coke company. The evidence of the plaintiff was completed and a motion for non-suit argued and taken under advisement.

## Ready For Work.

W. W. Corey has arrived from Idaho and is busy arranging a ship a grading outfit with men and supplies to commence work on a new contract on the Southern Pacific in the neighborhood of Washington. The ship is to be made about Wednesday.

## New City Officers.

City Justice Howell was on hand and took charge of his office at noon. He has named David Jones as court clerk. Recorder Critchlow has named Mrs. Fred Dalton as his assistant.

## Jessie Cooney Dead.

Jessie M. Cooney, the year-old daughter of Mr. and Mrs. John Cooney, residing at 322 Thirty-third street, died at 10 o'clock last night, after a nine weeks' illness from diphtheria and resultant complications.

## Ogden Briefs.

The "Romance of Coon Hollow" is the attraction at the Grand for Thursday night.

Mrs. W. N. Ellis, who has been the guest of Mrs. E. A. McDaniel, has returned to her home in Corinne.

"Rupert of Hentzau" was played last night at the Grand before a large audience, with Miss Tittel as the Princess Floria and Harry Leighton as the king.

C. A. Smurthwaite recently shipped 3,000 cases of canned tomatoes to Chicago, and the demand for the Utah article is coming from points even farther east.

A cigar sign suspended by a wire and bar from opposite Munsey's Twenty-fourth street place yesterday took a sudden turn in the direction of the breaking of the wire, and smashed a big plate glass window to bits.

Marriage licenses were yesterday issued to Richard Saunders, 25, of Utah, and Miss Laura M. Powers, 21, of Hooper; also to Fred Smith, 28, of Soda Springs and Miss Isabella Todd, 23, of Hooper. Both couples were married by Justice Wardlaw.
